EDUCATION

University studies

Master Degree in Computer Engineering

(University of Padua, Padua (PD), Italy)

Start (09, 2022) – End (09, 2024)

Final grade: 110 (out of 110) with honors

Master thesis: Predictive Technologies and Methodologies for Human Operators Assessment in Industry 5.0: A Conceptual Framework and Use Case Development

Supervisor: Prof. Mauro Migliardi (University of Padua, Italy); co-supervisor: Prof. Sérgio Ivan Lopes (Polytechnic Institute of Viana do Castelo, Portugal)

Grade point average: 29.57 (out of 30)

University studies

Bachelor Degree in Computer Engineering

(University of Padua, Padua (PD), Italy)

Start (09, 2019) – End (09, 2022)

Final grade: 103 (out of 110)

Bachelor thesis: Comparison of Quantization-Based Compression and Machine Learning with Linear and Nonlinear Networks

Supervisor: Prof. Stefano Tomasin (University of Padua, Italy); co-supervisor: Dr. Alberto Rech (University of Padua, Italy)

Grade point average: 26.43 (out of 30)

High school

Scientific high school diploma, P. Paleocapa, Rovigo (RO), Italy

Start (09, 2014) – End (09, 2019)

Grade: 89 (out of 100)

OTHER RELEVANT EDUCATIONAL EXPERIENCES

- Current PhD student
  - Affiliation: University of Padua
  - Research areas: Natural Language Processing (NLP), Information Extraction (IE), Information Retrieval (IR)
  - Supervisor: Prof. Gianmaria Silvello
  - Co-supervisor: Prof. Stefano Marchesin
  - Period: November 2024 – Present
- Erasmus+ – Exchange student
  - Host institution: Polytechnic Institute of Viana do Castelo, Portugal
  - Program: Master thesis on "Technologies and methods for the assessment of human operators in the Industry 5.0 context"
  - Period: February 2024 – July 2024
- Visiting student researcher
  - Host institution: CiTin – Center for Industrial Technology and Innovation, Arcos de Valdevez, Portugal
  - Program: Development of practical use cases for predictive assessment of human operators in the Industry 5.0 context.
  - Period: February 2024 – July 2024

RELEVANT PROFESSIONAL EXPERIENCES

- Developer and technical lead for an e-learning platform
  - Project: Edu-GArD3n – Empowering sustainability through green additive manufacturing education
  - Role: Development and management of the project landing page and e-learning platform
  - Period: April 2026 – Present
- Coordinator and organizer of an international scientific evaluation lab
  - Project: GutBrainIE – Gut-Brain Interplay Information Extraction
  - Context: CLEF Conference (Conference and Labs of the Evaluation Forum)
  - Period: September 2024 – Present
- High school instructor (PNRR "DIGA" project)
  - Institution: Enrico Fermi State Scientific High School
  - Location: Padua (PD), Italy
  - Course: Introduction to Python Programming
  - Period: January – February 2026
- Supplementary teaching instructor
  - Institution: Department of Information Engineering, University of Padua
  - Location: Padua (PD), Italy
  - Course: Advanced Text Analytics (Master in Computer Engineering)
  - Period: October 2025 – January 2026
- High school teacher
  - Institution: IIS Colombo
  - Location: Adria (RO), Italy
  - Subject: History and Technology of Information
  - Period: January – June 2023
